Next Time
There's something I'm wondering about.
Do you know if she has a boyfriend..?
What, you weren't interested in me?
Shit--
Or do I see a boyfriend! They get along or not!
...Is that so!
Yeah! Now you know.
Ugh, I lost to myself without even realizing it.
I feel like this even more too
Is this that psychological thing where you don't want to lose your friend?
This is difficult What a strange feeling
Sahhhhhhhh
Why aren't emotions just simpler?
!
Oh, I need to turn off the water!
?
Hm?
Anyways, I can away without making an excuse is she worried?

Yo-mum!!

So I kinda want to just call Yo-mum Summer and Cat Girl Autumn but I keep typing them as the English naming. Please let me know what you all prefer
